DoD 8140 Change Management Bulletin

DoD 8140 Cyber Workforce Qualification Program Qualification Matrix and Training Repository for DoD Cyber Workforce Framework (DCWF) Cybersecurity, Information Technology, and Cyber Enabler Workforce Elements V2.0
March 25 2025

Executive Summary

The publication of the DoD 8140 Cyber Workforce Qualification Program Qualification Matrix and Training Repository V2.0 (referenced in this document as the DoD 8140 Matrix 2.0) features an updated excel workbook with an enhanced click-through user experience. The DoD 8140 Matrix 2.0 features updated content related to military schoolhouse trainings and DoD-sponsored trainings associated with DCWF cybersecurity (CS), information technology (IT) and Cyber Enabler work roles. No updates have been made to DoD 8140 foundational qualification options as it relates to education and personnel certifications.

The effective date of DoD 8140 Matrix 2.0 is **March 25 2025.**

DoD 8140 foundational qualification content for DCWF CS, IT, and Cyber Enabler work roles have been removed from the online DCWF work role tool due to ongoing technical issues.

The DoD 8140 foundational qualification matrices for the DCWF CS, IT, and Cyber Enabler workforce elements are housed on the DoD (DISA) Cyber Exchange, and can be found at the following links:
